### CAREER OBJECTIVE

To build up my career in a reputable company where I can work and demonstrate my skills, and to make a positive impact on the company by carrying out the tasks that have been entrusted to me with sincerity.

### SKILLS

**Technical:** HTML, CSS, Bootstrap, Tailwind, JavaScript, TypeScript, WordPress, Elementor, WpBakery, Brick, Divi

**Tools:** Figma, Photoshop, Canva, VS Code, Git

**Language:** English, Bangla (Native)

### WORK EXPERIENCES

**We Dominators** — An USA Based Company

WordPress Developer (Remote) — March 2025 – Present

- Designed and developed responsive websites from scratch using Elementor, Elementor Pro, Divi, and Bricks, integrating custom CSS and JavaScript for advanced layouts and interactive features.
- Customized Envato Elements template kits and premium WordPress themes to align with unique client requirements, ensuring brand consistency and modern UX/UI design.
- Built and maintained websites across various CMS platforms such as Google Sites, Webflow, Wix, Weebly, HubSpot, Medium, ConcreteCMS, Canva, Strikingly, and Odoo.
- Performed comprehensive on-page SEO optimization, including metadata setup, link structuring, Google Analytics and Search Console configuration, and sitemap submission.
- Diagnosed and resolved website issues, including broken layouts, missing images/icons, plugin conflicts, and post-update errors, ensuring full site functionality and stability.
- Managed website maintenance, performing updates, backups, and restorations while ensuring content accuracy, functionality, and performance.

**Employment & Education Ltd.** — Shibgonj, Sylhet, Bangladesh

Web Developer (On-Site) — April 2024 - March 2025

- Developed and maintained LMS websites using WordPress, Elementor, Tutor LMS, and WooCommerce, integrating essential plugins to support e-learning functionality and user experience.
- Replicated and customized ThemeForest LMS themes by recreating layouts with Elementor or through custom HTML, CSS, and JavaScript for precise visual accuracy.
- Converted Figma designs to functional websites using HTML, CSS, Bootstrap, or directly via Elementor to ensure responsive, pixel-perfect implementation.

- Conducted keyword research for blog posts and online courses to improve SEO visibility and organic traffic.
- Designed and coded responsive email templates using HTML, CSS, and Bootstrap, maintaining brand consistency across campaigns.
- Managed website maintenance, including regular backups, updates, and restorations, ensuring uptime and data security.

**Branex IT Ltd.** Dhaka, Bangladesh

WordPress Developer (Remote) September 2023 - November 2023

- Designed and developed websites using WordPress and Elementor, ensuring responsive design and optimal performance across all devices.
- Collaborated directly with clients in meetings to gather requirements, present progress, and deliver projects aligned with their vision and goals.
- Customized pre-built WordPress websites and themes based on client specifications, enhancing layout, functionality, and visual appeal.
- Performed website maintenance, including updates, backups, and issue resolution for errors, bugs, or broken pages to ensure seamless site functionality.
